TERMS & CONDITIONS

Our responsibility to you as passengers is to provide your User Group with a boat trip which is operated safely.

We will take all reasonable care, recognising that our passengers may be physically and/or mentally disadvantaged.

The prime responsibility of the Skipper and Crew Members is the safe operation of the boat and the safety and comfort of the passengers whilst on the boat.

The Skipper will advise all Carers on passengers assisting at locks; normally one Carer to accompany each passenger.

The User Groups responsibilities to Kingfisher and her Crew include providing an adequate number of Carers appropriate to the circumstances of the passengers.

The Carers will ensure that the behaviour of the passengers does not endanger themselves or the boat.

When assisting at locks the passengers are the responsibility of the Carers, although they must obey instructions from Crew Members.

The Skipper has overall authority for the duration of the trip.

Passengers in wheelchairs. Kingfisher is fitted with a lift suitable for providing passengers in wheelchairs safe and comfortable access to the boat.

Please note that we can only accommodate 3 normal wheelchairs at any one time on the boat.

The lift is also used to assist passengers on and off the boat.

ELECTRIC WHEELCHAIRS

Because of their weight these can only be taken subject to prior arrangement. Please discuss with Tony Broadrick when confirming dates.

Dogs are not allowed unless they are guide or hearing dogs.

Cancellations. On rare occasions extreme weather conditions necessitate cancelling a trip. Should this happen we will inform you as soon as possible.
